

# **BROW2BROW L.L.C.**

## **AFTERCARE INSTRUCTIONS**

### For Clients

### **YOUR NEW BROWS FROM BROW2BROW GENERALLY LAST BETWEEN 12-18 MONTHS, BUT LIKE WITH MANY PROCEDURES THERE ARE A FEW FACTORS THAT WILL PROLONG OR SHORTEN THE EXPECTED DURABILITY.**

brow2brow L.L.C. is pleased to provide you with the following information in order to achieve the best possible results.

Please follow these instructions after the procedure to improve and prolong the results of the work done by brow2brow.

- 30 minutes after the treatment, rinse the eyebrows with neutral soap (children's or anti-bacterial). You remove all the lymph by doing so, after that apply a very thin layer of the healing balm that was provided by brow2brow.
- Repeat this procedure 3 to 5 times during the day. If the treatment was done late in the afternoon and you do not have time to do it 3 to 5 times, put a plastic foil over the eyebrows you previously applied the cream on, so that you protect the eyebrows from drying and wiping overnight.
- In the next 7 days, maintain facial hygiene and apply the cream after washing your face or having a shower. Day 2-7 brows need to be washed every morning and night. Healing balm can be used on all skin types, due to its natural active components that regulate oiling.

### **WHAT IS TO BE AVOIDED:**

- During the first 7 days avoid all creams (except for the healing balm), all make-up (foundation) in the eyebrow area, avoid workouts that involve a lot of sweating, sauna, facial massage and steaming (Inhalation).

#### **In the next 30 days avoid:**

- Sunbathing, solarium, light therapies, chemical peelings, fruit acids, microdermabrasion, creams that contain regeneration factors
- Always avoid laser treatments over the treated area (Fraxel laser, IPL), because they can destroy the pigment and cause burns.
- Use of antibiotics and hormonal therapy can lead to a faster pigment fading. Always protect the eyebrows from the sun with SPFs (Not during the first 7 days)

Once healed, you can enjoy your new eyebrows to the fullest.

Thank you for choosing brow2brow as your beautification specialist. We hope that you enjoy your new eyebrows as we have enjoyed making them perfect for you!
